VISUAL REFERENCES

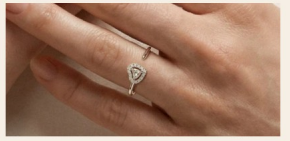

Macro jewelry

Burgundy cloth

Warm skin

Architecture

Soft light

Ivory surfaces

One visual language. Seven content moments.

The weekly palette moves between deep emotional tones and quiet neutral spaces, creating continuity from one post to the next.

THE WEEKLY COLOUR SEQUENCE

BURGUNDY — IVORY — CHAMPAGNE — CHARCOAL — STONE — BURGUNDY

A deliberate art-direction decision, not a colour-psychology claim: a repeated colour order builds visual memory, continuity and a recognisable luxury feed.
